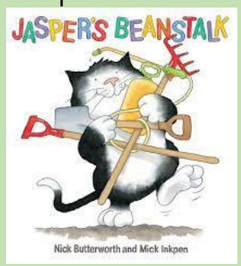
Summer 1 - Plants

Key Story

- Jasper's Beanstalk



Literacy

During Phase One Phonics we will learn how to make new sounds with our voices.

As writers, we will continue to make recognisable marks that we can talk about.

As readers, we will be sequencing the events in a familiar story. We will make simple predictions.

Maths

As mathematicians, we will learn the concept of number from 0-5 and will learn how to represent numbers.

We will learn how to name and describe basic 3d shapes.

Physical Development

We will use spades to dig in the soil and plant vegetables using large muscles.

We will also learn how to kick a ball.

Personal, Social and Emotional Development

This half term we will talk about forming and maintaining positive relationships. We will have weekly celebrations to recognise success of all and will learn new songs about friendship and feelings. We will use our feelings barometer to show our teachers how we are feeling every day.

Communication and Language

This half term will develop conversation skills with an adult and a friend and will try to continue it for many turns. We will take part in a daily circle time called 'Speaking Stone' where all children have an opportunity to speak.

Understanding the World

As Scientists, we will look at the parts of a plant. As Geographers, we will talk about how we can look after our school grounds. We will enjoy a trip to West Park. As Theologians, we will think about how and why Eid is celebrated.

Expressive Arts and Design

We will be acting out our story – 'Jasper's Beanstalk'. We will develop our role-play skills.
