

**Adelaide Primary School**  
**Accessibility Plan**

**April 2023 - April 2026**

## **Vision Statement**

Under the Equality Act 2010 schools should have an Accessibility Plan. The Equality Act 2010 replaced all existing legislation, including the Disability Discrimination Act. The effect of the law is the same as in the past, meaning that “schools cannot unlawfully discriminate against pupils because of sex, race, disability, religion or belief and sexual orientation”.

According to the Equality Act 2010 a person has a disability if:

- (a) He or she has a physical or mental impairment, and
- (b) The impairment has a substantial and long-term adverse effect on his or her ability to carry out normal day-to-day activities.

## **Background information:**

The Accessibility Plan is listed as a statutory document of the Department for Education’s guidance on statutory policies for schools. The plan must be reviewed every three years and approved by the Governing Body. The review process can be delegated to a committee of the Governing Body, an individual or the Head. At Adelaide the Accessibility Plan will be reviewed every three years by the SENDCo, SLT members and Governing Body, but all targets will be reviewed on an annual basis. Adelaide’s current plan will be appended to this document.

At Adelaide Primary School we are committed to working together to create a happy and secure atmosphere where our pupils will always be encouraged to do their personal best. We provide a broad and balanced education, and the school has an ethos of care and support and a genuine desire for each pupil to reach their full potential.

- 1) The Accessibility Plan is structured to complement the school’s Equality Objectives and will be published on the school website. We understand the Local Authority will monitor the school’s activity under the Equality Act 2010 (and in particular Schedule 10 regarding Accessibility) and will advise upon the compliance of that duty.
- 2) Adelaide Primary School is committed to providing an environment that enables full curriculum access that values and includes all pupils, staff, parents and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to taking a positive action in the spirit of the Equality Act 2010 with regard to disability and developing a culture of inclusion, support and awareness within the school.
- 3) The Adelaide Primary School Accessibility Plan shows how access is to be improved for disabled pupils, staff and visitors to the school within a given timeframe and anticipating the need to make reasonable adjustments to accommodate their needs where practicable. The Accessibility Plan contains relevant and timely actions to:-
  - Ensure access to the curriculum for pupils with a disability, expanding the **curriculum** as necessary to enable pupils with a disability to have a provision that prepares them for life (If a school fails to do this they are in breach of their duties under the Equalities Act 2010); this covers teaching

and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or school visits – it covers the provision of specialist or **auxiliary aids and equipment**, which may assist these pupils in accessing the curriculum within a reasonable timeframe;

- Improve and maintain access to the **physical environment** of the school, adding specialist facilities as necessary – this covers improvements to the physical environment of the school and physical aids to access education within a reasonable timeframe;
- Improve the delivery of **written information** to pupils, staff, parents and visitors with disabilities; examples might include hand-outs, timetables, textbooks and information about the school and school events; the information should be made available in various preferred formats within a reasonable timeframe.

- 4) The Adelaide Primary School Accessibility Plan relates to the key aspects of the physical environment, curriculum and written information.
- 5) Whole school training will recognise the need to continue raising awareness for staff and governors on equality issues with reference to the Equality Act 2010.
- 6) The Accessibility Plan will be published on the school website
- 7) When the Accessibility Plan is being evaluated, we will consider the following;
  - Is there greater satisfaction of disabled pupils and their parents with the provision made?
  - Is there evidence of the greater involvement of disabled pupils in the full life of the school?
  - Are there observable changes in staff confidence in teaching and supporting disabled pupils with a range of needs?
  - Has an audit on the school accessibility and the current population been completed?
  - Is there evidence of progressive improvement to the physical environment of the school?
  - Is information for pupils/stakeholders available in a range of formats?
- 8) Current range of known disabilities: Adelaide Primary School has children with a range of disabilities which include moderate and specific learning difficulties and complex medical conditions.

If a medical care plan is required, a meeting is held with the school and parents / carers to create the plan. These care plans are displayed on the noticeboard in the Staff room and class teachers have relevant copies in the classroom.

When children enter school with specific disabilities, the school contacts the appropriate professionals for assessments, support and guidance for the school and parents.

9) The Accessibility Plan should be read in conjunction with the following school policies, strategies and documents:

- School Improvement Plan
- Equal Opportunities Policy
- Health and Safety Policy
- Medical Policy
- SEND Policy
- School Prospectus
- Educational Visits Policy
- Staff Development (CPD Policy)

**Adelaide Primary School  
Accessibility Action Plan  
2023 – 2026**

<b>Physical environment</b>				
<b>Outcome</b>	<b>Strategy</b>	<b>Success criteria</b>	<b>Responsibility</b>	<b>Timeframe</b>
To ensure that the school buildings and grounds are accessible for all children and adults and continue to provide access to the school's physical environment for all.	Review and update the audit of accessibility of school buildings and grounds. Suggested actions to be implemented in a timely manner. Continue to follow advice from professionals in relation to individual pupils.	Access to all areas will be improved.	Head teacher Governors	Agenda item at each governors meeting.
Ensure all disabled pupils can be safely evacuated in an emergency	Ensure Personal Emergency Evacuation Plans are in place for all children Continue to ensure all staff are aware of their responsibilities re: evacuation.	All disabled pupils and staff working alongside are safe in the event of an evacuation	Head teacher SENDCo	As required
