As we continue to develop our use of Class Dojo, we'd like to remind parents that the messaging function can be used to communicate with class teachers. However, as teachers are teaching throughout the school day, messages may not be seen immediately.

If information is urgent or time-sensitive, please contact the school office, who will ensure your message is passed on promptly.

If you have not yet joined, **please use the sign-up link below**.

Thank you for your support in helping us maintain effective communication between home and school.

Cycling Safety – Be Seen, Be Alert, Be Safe!

Cycling is a great way to travel, but it is important that children know how to keep themselves safe on the road. Please remind your child to **stop, look and listen** before crossing, check carefully for traffic before moving off or turning, use hand signals when appropriate, and follow road signs and traffic lights.

Children should ride sensibly and in a safe position on the road, keep a safe distance from parked cars, and avoid weaving between vehicles. In darker or poor weather conditions, bright clothing and bike lights can help them be seen.

A properly fitted helmet, a roadworthy bike and sensible riding habits all help make every journey safer. Please take some time to discuss these important safety tips with your child.

Thank you for your support
